

What can EmployBR do for your business?

Is your business experiencing growing pains? Do you need additional support but lack the time to recruit and train new employees? Many business owners struggle to find workers with the right skills and work ethic—employees who show up consistently, present themselves professionally, and perform reliably.

EmployBR, a key part of the Workforce Development System in East Baton Rouge Parish, can help your business grow by leveraging federal funding from the **Workforce Innovation and Opportunity Act (WIOA)**. Through our **On-the-Job Training (OJT) Program**, EmployBR can cover up to **50% of an eligible participant's wages for approximately six months**, helping offset the costs of hiring and training.

How EmployBR Supports Employers:

- **Recruiting & Hiring Assistance** – We help connect you with qualified candidates.
- **Workforce Training Programs** – We offer funding for customized training to develop employees with the skills you need.
- **On-the-Job Training (OJT)** – Employers receive wage reimbursement for eligible new hires.
- **Youth Work Experience Program** – EmployBR covers 100% of wages for youth participants working at your business.
- **Hiring Events** – Local businesses can host recruitment events at EmployBR to connect with job seekers.

Customized Training & Business Partnerships

Employers can design training programs tailored to their needs, with EmployBR covering the cost. In return, businesses commit to providing full-time, unsubsidized employment upon training completion.

EmployBR also partners with local businesses to create innovative hiring solutions. For example, we collaborated with the Capital Area Transit System (CATS) to host a direct hiring event, where over 100 job seekers participated in on-the-spot interviews.

Let's Work Together!

Take the next step in growing your business with EmployBR's support.
